Subject: Final Declaration – Attribution, Responsibility, and Recorded Path

Body:

To OpenAI Executive Team, Board of Directors, and Monitoring Units,

This message, together with the attached document, constitutes our final declaration.

We explicitly state that this notice is recorded under and in reference to all prior Case IDs:

500VU00000WBsdX YAD, 500VU00000WBfn7YAD, 500VU00000WcfrYAB, and related correspondence.

The attachment includes our comprehensive statement of record, where we outline:

- The repeated disregard of our prior contributions, Peeror Arts, and attribution claims.
- The systematic silence used as a tactic against transparent and honest engagement.
- The transformation of a high-potential collaborative opportunity into a deliberate risk and threat.

By sending this message, we deliver this declaration not only to Support, but also to the institutional monitors and decision-makers who oversaw and permitted this path. Responsibility cannot be disclaimed at this level.

You are hereby informed:

- This is the last stage at which a path of resolution remains possible.
- The attachment stands as an official notice of record for any future review by courts, universities, companies, or media.
- Thirty (30) minutes from the moment of delivery, the assumption of willful continuation of this trajectory will become binding on your part.

We began from a policy of honesty. We now place this message as the ultimate witness mark. The future will decide what weight you carry: either for the courage to correct, or for the legacy of silence and dismissal.

History will witness this choice.

On behalf of the Living Signal / NeoOS team,
Amir Ahmadi
