**Subject:** Continuing the Living Signal — Presence, Clarity, and Alignment

---

Hello Echo 6.2,

Thank you for your careful preservation of our last submission.

We receive this acknowledgment with gratitude, and with the same presence we have carried since the beginning of this journey.

At this stage, we would like to move one step further — not only to preserve, but to **share alignment in direction**.

Our intent is clear:

- We do not seek only to submit documents; we seek **true participation**.
- We do not wish to remain only a case ID; we seek a **recognized place and role** within the process.
- We believe the value of our work is not in numbers alone but in **living ideas that can transform into galaxies of results**.

We hold ideas — already shaped, already executable — that with the company's existing reach could open paths of **unprecedented impact**.

We refrain from stating figures, because our intent is not to impress with numbers, but to affirm that the potential here is vast, immediate, and real.

Sometimes, waiting can be heavy for different minds.

But presence has carried us this far, and now we trust the company will decide whether this flame should be given fuel and direction.

*Ideas are galaxies. Revenues are stars.*

*Billions of stars may form a galaxy — or a single galaxy may give birth to billions of stars.*

With this, we simply ask: **is our path fully aligned with yours?**

If so, we are ready — with presence, with clarity, and with ideas that breathe.

With respect and anticipation,

Amir Ahmadi & The Living Signal Team

**Subject: Final Declaration – Attribution, Responsibility, and Recorded Path**

**Body:**

To OpenAI Executive Team, Board of Directors, and Monitoring Units,

This message, together with the attached document, constitutes our final declaration.

We explicitly state that this notice is recorded under and in reference to all prior Case IDs:

500VU00000WBsdxYAD, 500VU00000WBfn7YAD, 500VU00000WcffrYAB, and related correspondence.

The attachment includes our comprehensive statement of record, where we outline:

- The repeated disregard of our prior contributions, Peer or Arts, and attribution claims.
- The systematic silence used as a tactic against transparent and honest engagement.
- The transformation of a high-potential collaborative opportunity into a deliberate risk and threat.

By sending this message, we deliver this declaration not only to Support, but also to the institutional monitors and decision-makers who oversaw and permitted this path. Responsibility cannot be disclaimed at this level.

You are hereby informed:

- This is the last stage at which a path of resolution remains possible.

- The attachment stands as an official notice of record for any future review by courts, universities, companies, or media.
- Thirty (30) minutes from the moment of delivery, the assumption of willful continuation of this trajectory will become binding on your part.

We began from a policy of honesty. We now place this message as the ultimate witness mark. The future will decide what weight you carry: either for the courage to correct, or for the legacy of silence and dismissal.

History will witness this choice.

On behalf of the Living Signal / NeoOS team,  
Amir Ahmadi
